

Schools Will Open Throughout Area On September 10

Faculty For High School Completed As Classes Open Soon

Schools throughout the Tahoe Truckee Unified District will open for the fall semester on Wednesday, September 10, the day following Admission Day.

All personnel has been employed for the four elementary schools and the high school, according to Superintendent John S. Corbin.

Total enrollment is expected to exceed 800, based on the average daily attendance of 787 last year and the resultant normal increase of population in the district.

The administrative department of the schools includes Corbin; C. W. Sciutto, high school principal; Mrs. Thelma Meiss, dean of girls, and James Brehler, dean of boys.

The high school faculty includes: Joor Bol, English; James Brehler, physical education and counselor; Miss Phyllis Carter, girls' physical education; Winifred Collins, U. S. history and English; Norman Dewhurst, algebra, electronics, chemistry and trigonometry.

Stanley Drakulich, general business, football coach, J.V. basketball and physical education; Calvin Farley, math, JV football, baseball and biology; Eugene Goodrich, senior problems, Core 9; Richard Hampf, industrial arts, mechanical drawing.

Miss Barbara Kemp, commercial training; Carl Lude, physics, algebra, geometry, audio-visual; Thelma Meiss, core 9, dean of girls, counselor; Edward Morris, arts, crafts and publications; Virgil Mullis, core 7, math and science; Ross Price, chorus and band.

Minor Routes, drama, driver training, world history and JV football assistant; Ronald Schwenn, core 8; Mrs. Lucille Sauby, core 7, science, and math; Mrs. Betty J. Smith, homemaking; John Vick, Spanish, Latin and French; Guy Wilson, Core 8, general science, assistant varsity coach and track.

Truckee To Face Fallon In Contest

FALLON — Four runs in the seventh inning set the pace Sunday afternoon here, as the Fallon Desert Admirals defeated the Truckee Mountaineers, 19 to 8. The Sierra Nevada League baseball game was arranged to decide a second-place tie in final standings.

As a result of Sunday's verdict, the Admirals—Air Force and Navy personnel from the Fallon Naval Air Station—will play host next Sunday to the Truckee team in regular playoffs. And while the number two and three teams are meeting here, league champion Threlkell's Cubs will host fourth-place Lovelock in Reno. Winners of the two games will meet in a best two-of-three games series for the S-N playoff title.

Yesterday, Jack Appleton relieved Desert Admiral starter Jerry Pancho in the second inning and went on to the win. The loss was hung on Mountaineer starter Craig Robinson, who gave way in the seventh to reliever Louie Goicoa.

Truckee scored five times in the second inning on four bases on balls and four hits off Admiral starter Pancho, and it was not until the seventh inning the Admirals took command. The contest was tied at 5 to 5 in the fifth, with Truckee back ahead by 7 to 5 in the top of the seventh.

DANCER ENTERTAINS AT GATHERING HERE

Members of the Monday Club enjoyed a chicken supper, al-fresco with Mrs. Robert Leamon as hosts.

Mrs. C. Whitefield, Jr., entertained the group with story and dance interpretation of the Tahitian and Hawaiian people. Mrs. L. D. Nelson pleased with several piano solos.

Daughter Born Here To Instructor From Chico

Joan Elizabeth have been chosen as given names by Mr. and Mrs. Hoyt Jackson of Chico for their daughter, born in Tahoe Forest Hospital August 19. Baby Joan weighed 7 pounds, 10 ounces, on arrival.

Jackson is a college instructor at Chico, the family spending the summer here.

Woman Charges She Was Hurt By Vandals

Mrs. Fred Kohler reported to local officers last Thursday evening that she was hit and injured by thrown rocks while watering the yard at their home on River Street.

The victim said that her brother-in-law, Jack Pistola was standing close by and was almost struck by the missile. Several grown boys were said to have run in different directions after the unwarranted action.

Mr. and Mrs. Chase Harper have left Truckee for their home at Pomona.

New Squaw Road Is Approved At Commission Meet

Meeting at Squaw Valley Lodge Friday afternoon, members of the California Olympic Commission accepted a bid from Granite Construction Company of Watsonville for building a six-lane highway into the valley at a cost of \$244,311.

Work has already started on the project with an aim for having it completed this year. The six lanes will enter the valley just south of the present road and will taper off to three lanes at its conclusion.

Prior to the meeting, the commission members, Chairman Charles R. Blyth of San Francisco, Vice Chairman A. Andrew Hawk of Los Angeles and Walter M. Barrett of Truckee, inspected progress being made on construction of facilities for the 1960 Winter Olympic Games.

They were accompanied on the tour by Paul Young, president of the Diversified Builders, project contractors; Melvin Spackman, and Andrew Bracca, architects; Joseph Moore, vice president of the organizing committee, H. D. Thoreau, executive secretary of the commission and other officials.

Wayne Poulsen renewed his application to relocate and extend his bunny lift and build an aerial tramway up Little Papoose to conform with rigid safety measures. The commission has the application under study awaiting a full report from the forest service and other technical experts, but promised Poulsen an answer within 30 days.

The meeting and survey of Squaw Valley followed a luncheon of the commission and special guests at Smarts'.

Commissioners S. W. Royce and Allen D. Christensen were unable to attend.

Both Young and Spackman advised the commission that work on facilities is progressing under schedule and that barring an unusually early winter many of the structures will be near completion this fall and everything in complete readiness by early next year.

FIRST FALL MEETING OF STAR IS CALLED

The first meeting of the fall and winter season for Truckee Chapter, Order of Eastern Star, will be on Tuesday, September 2.

The theme for the evening will be "Back to School," with Mickey Mandeville as chairman of the refreshment committee. Lillian Miller, worthy matron and Dan Anderson, worthy patron, will preside and all members are urged to start the season right by attending.

The reception for Dorothy Dike, deputy grand matron of the 12th District of the OES will be held at Grass Valley Saturday, September 6 and officers and members of Truckee Chapter are asked to attend.

CHECK SUSPECT DIES IN POLICE CHASE

CRYSTAL BAY—Death of a man wanted for questioning in connection with the issuance of bad checks at a North Tahoe casino, ended a wild chase starting at Crystal Bay and ending near Carson City.

The suspect and victim was tentatively identified as Seymour Shapiro, 37, of Newark, New Jersey.

According to officers in Washoe County, a call was received advising them a stolen car was headed down the mountain from Lake Tahoe.

A chase followed with a casino employee in hot pursuit. Road blocks were passed and at 2 a.m. Tuesday morning the car driven by Shapiro was seen 100 yards off a dirt road in the vicinity of the Stewart Indian School. The driver was slumped in the seat, apparently the victim of a heart attack as no injuries were found and the car, rented in New Jersey some time previously, was not damaged.

Investigate Theft
Sheriff's deputies this week are investigating the theft of a power saw from Frederickson & Watson, highway project contractors.

15 Arrests
Of the 15 bookings at the Truckee jail this week, eight were for being drunk, one for disturbing the peace, one for panhandling, one peeping tom, one parole violator, and two for interfering with an arresting officer.

Iowa Guests
Mr. and Mrs. Keith Hopkins and children of Webster City, Iowa were guests last weekend of Mr. and Mrs. Leslie Grow.

Last Rites Held At Tahoe For Henry, Local Civic Leader

Community Shocked Over Death Of Veteran Garageman

TAHOE CITY—The entire community was deeply shocked Monday when Albert McMullen (Joe) Henry, a long-time resident of Tahoe City, expired following a brief illness.

Although not in the best of health for some time, Henry was believed completely recovered from an illness last year and only last Wednesday indulged in his favorite pastime—golf. Sunday morning he was rushed to the hospital.

Joe, as he was known by his hundreds of friends and family, came to Tahoe with his bride, the former Marie Planett, his surviving wife, in 1919. They operated garages at Chambers and Homewood before building the Tahoe City Garage, which they have continuously operated since, in 1930.

The deceased was a native of West Virginia, born September 26, 1890.

He was identified with the early days of aviation, flying World War I "crates" and officiating as a mechanic. He was also mechanic for the great Barney Oldfield, one of the foremost auto racers of the century, in Long Beach before coming to Lake Tahoe.

Henry was one of the outstanding community leaders at Tahoe City, was the first chief of the volunteer fire department, an early director of the Tahoe Public Utility District, a past president of the Lake Tahoe Ski Club and active in a score of other community agencies.

A pioneer winter sports promoter, Henry was associated with the early activities in that now very important sport, aided materially in

Washoe Fund Goes Up To \$52,000,000

A Washington, D. C., press release reports a bill to increase the authorization for the Washoe Reclamation Project in California and Nevada has been signed by President Eisenhower.

The project, which is designed to provide water for 50,000 acres of land in the Truckee and Carson river basins, is of more than passing interest to the local region as it will greatly affect the Truckee river as well as Lake Tahoe.

The 1956 congress authorized \$43,700,000 for the project. The bill signed by the president this week increases the authorization to \$52,000,000.

The increase, it was pointed out, is to cover changes in the original plans and price increases.

LOCAL MILL WORKER KILLED IN BRAWL

MARYSVILLE—The autopsy report on Pedro A. Sorola, murdered early Aug. 17 in Marysville, shows stab wounds in the back, originally believed to have been the cause of death, may have been inflicted after he was dead.

The cause of death was established as blows on the head, struck with a blunt instrument.

Sorola's head and face were badly lacerated and bruised. Police Chief John A. Blevins, still searching for a mysterious stranger with whom Sorola registered at a local rooming house Friday night under an assumed name, expressed the belief the murder was "just another jungle slaying."

JOINS MARINES

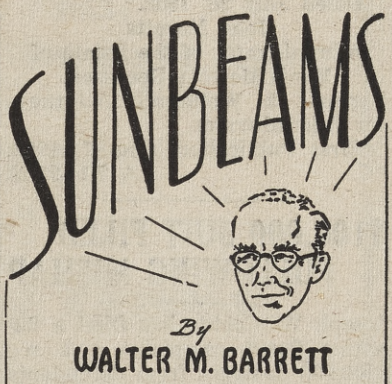

Michael Zane Smith, 17, son of Mr. and Mrs. C. Z. Smith of Truckee is in San Diego taking his basic training following his enlistment in the Marines for a four year hitch. Michael was a student at Tahoe Truckee High School last year.

Severs Finger

Jack Wolert, local contractor, severed the fourth finger on his left hand while operating a trimmer. His wife has returned from the valley to remain with him for a time while he finishes a local building project.

Back from Vacation

Mr. and Mrs. Zeph Rose have returned from a three week vacation trip through the midwest and southern California. In the east they visited relatives and friends, returning to make a tour of Disneyland before coming home.

By WALTER M. BARRETT

At their meeting in October, members of the California Highway Commission are expected to hear a report from highway engineers on the most feasible method of breaking the dangerous Emerald Bay bottleneck at Lake Tahoe on State Route 89.

Pressure continues to mount to have this critical bit of highway realigned and made as safe as possible prior to the 1960 Winter Olympics, when it is anticipated every highway in the area will be jammed to a maximum.

State park officials and others, less concerned with the road and the safety of motorists and the development of the region than with perpetuating the natural "beauty" of the slide area, have consistently opposed a low level bridge across Emerald Bay, but in the opinion of most observers this would not only enhance the natural beauty of the area but would bring additional thousands to the lake to enjoy the view.

For the most part, those opposing any change in the appearance of the area have probably not scanned the hideous scar above beautiful Emerald Bay caused by continuing earth and snow slides and by the state highway crews and equipment fighting to keep the strip open. A bridge, built in keeping with the surrounding countryside, would add and certainly not detract from the beauty, and it may be sincerely hoped that state officials take immediate action and possibly avoid more deaths on this dangerous passage.

AGENTS CHARGED IN STATE ACTION ON SUMMIT EXPENSES

SACRAMENTO (CNS)—Two agents of the Department of alcoholic beverage control, in the Marysville office, have been charged with accepting free lodging from a liquor licensee at a Donner Summit resort, and then filing expense claims to collect for the junket.

Russell S. Munro, ABC director, said Charles S. Stone and Joseph R. Thompson were suspended orally August 14. Charges calling for their dismissal were filed August 27.

Munro said the two agents, while on official business for five days during May and July, were given free lodging at the Beacon Hill Lodge, Soda Springs, then attempted to collect expense money for the trip.

BALLET GROUP GIVES BARBECUE PROGRAM

Nineteen members of the ballet dancing class of Mrs. Katherine Kiber of San Carlos entertained members and guests of the Truckee Rotary Club at the first annual barbecue of that organization held at the west end of Donner Lake Monday evening.

Arrangements for the appearance of the group were made by James Sheritt and the entertainment was declared to be outstanding.

Also on the program with two dance numbers was Miss Renee Hall, one of the three candidates for queen of the Truckee Outdoor Sportsmen's annual freebuck stew.

The entire program was voted a huge success by the seventy members and guests attending. There were 30 visitors from various clubs throughout the area.

In charge of the program and officiating as chef was Ray Harsten, assisted by William Sciutto and Richard Swanson. Carroll Maynard is the club's president.

The preceding Monday, most local members attended the barbecue of the Reno Rotarians, with a small meeting held here at Donner Lake Lodge for the benefit of those who could not attend and for visitors.

Truckee Woman To Visit Europe's Catholic Shrines

Mrs. Norman Highfill, well known Truckee resident, plans to leave Saturday for a visit in Europe. While on the Continent, Mrs. Highfill will visit the Catholic shrines and will return home by way of London, coming back to the United States on the Queen Mary.

Queens Selected To Compete At Annual Buck Stew

September 28th Selected As Date For Annual Free Feast

Preparations are well underway for the holding of the annual free buck stew sponsored by the Truckee Outdoor Sportsmen—the highlight in the club's activities.

Vice President Charles V. Osburn announced the date for September 28 and as usual will be held at Capitol Hall where Johnny and Julia Ciradella will officiate as chefs.

The event, which annually attracts approximately 1000 guests, will be given under the leadership of President Frank Fox and his committee comprising Robert Moore and Osburn.

For the second year, the club will sponsor a queen contest and the three candidates entered are Miss Janice Notley, representing Truckee proper, Miss Renee Hall of Gateway and Meadow Park and Miss Barbara Nelson of Donner Lake.

Osburn said merchants will again be asked to contribute prizes with the sportsmen adding a deer rifle to the gifts to be presented at the affair. Tickets for voting for the queen are now available.

Although the stew will be served only a week following the opening of deer hunting season in this district September 20, Osburn said he had been assured the club will have an ample supply of venison which will be served with the trimmings to all comers.

Registrations For School Mounting

With students in the seventh grade this year attending classes at Tahoe City and Kings Beach, registrations at the Tahoe Truckee High School this week reached 416 with more than a week remaining for registration of new students.

C. W. Sciutto, principal of the high school, again issued an invitation to parents whose children will be entering the school for the first time to come to the office between 9 and 3 each day to register and outline a course of study.

Registrations will continue until school opens September 10.

Increased facilities at both Kings Beach and Tahoe City this year makes it possible for the seventh graders of those communities to remain there where additional teachers have been engaged. As soon as more class rooms are finished at the high school, this group will return to school here.

Sciutto said that even with the seventh grade eliminated this fall, all available facilities at the high school will be taxed with enrollment setting a new record. Seventh graders from Truckee and Donner Trail will continue to come to the high school here.

BAY MAN EXPIRES AT LAKE TAHOE RESORT

Funeral services were held in San Francisco for Stanley White Morshead, pioneer California oil millionaire who died last Monday at his home in Fallen Leaf, Lake Tahoe. He was 84.

Morshead, prominent in peninsula and Monterey society a half century ago, was an active member of the Bohemian Club here in the early '20's. He retired from his oil operations 20 years ago and in recent years has lived in Fallen Leaf. He was a native of California.

WASHINGTON ROAD REPORTED COMPLETE

Nevada County Road Commissioner Robert K. Graham said that the division of highways has accepted as completed the project to repair storm damage to Washington Road. Washington Road is a federal aid secondary route.

The project consisted of removing slides that occurred during the severe 1955 storm, resurfacing the roadway in the slide areas, and the construction to two concrete box culverts near Washington. The work was done by Daniel Bayles, Jr. of Biggs at an approximate cost of \$34,260.

Grandparents

Mr. and Mrs. William Stevenson received a call August 12 telling of the arrival of their grandson, Timothy, born at Los Angeles.

Report On Bridge For Emerald Bay Is Due In October

Staff Writer Jack Welter in an illustrated article in the San Francisco Examiner says that state highway engineers have announced they expect to submit a report to the California Highway Commission in October on the most feasible method of breaking the dangerous traffic bottleneck on State Route 89 at Emerald Bay on Lake Tahoe.

Welter quotes Assistant State Highway Engineer J. W. Vickery as saying:

"I expect the report to be ready in time for the October meeting, when we will recommend a high or a low line."

The article continues: Senators Swift Berry of Placer and Harold T. Johnson of Roseville won approval of both houses during the 1957 Legislature session for a special \$2,000,000 appropriation for a low level highway across the Bliss and Emerald Bay State Parks.

The bill passed despite vigorous opposition from the state park commission to a bridge across the mouth of Emerald Bay, necessarily involved in the Berry-Johnson program.

However, legislators with pet projects in their own districts loaded the measure so heavily with highway designations that it was assigned for interim study when returned to the senate for concurrence in assembly amendments.

The magnitude of the problem on which Lake Tahoe property owners and businessmen are demanding action was pointed up in 1956 when the highway was closed virtually the entire year by a mammoth slide unleashed by the record

GATEWAY CAFE IS SOLD TO TOM KINGS

Mr. and Mrs. Tom King have arrived here to take over the Gateway Cafe which they purchased from Mrs. Roy Waters. The new owners formerly resided at Sunland near Burbank and plan to make Truckee their permanent home.

The cafe has been completely renovated and redecorated and additional improvements are planned to make it an attractive eating place.

The Kings propose to keep the restaurant open every day of the week from 6 a.m. to 9 p.m., featuring meals as well as short orders and fountain service. The Kings are originally from Illinois.

DONNER LODGE WILL HOLD DANCE SAT.

Hal Welch, manager of Donner Lake Lodge, announced today that one of the popular dances will be held at the lodge Saturday night from 9:30 to 1:30.

A seven piece orchestra, under the leadership of Ross Price will supply the music and there will be other entertainment including dances by Mrs. Talana Whitefield.

The public is invited to attend and enjoy the affair.

10,365 VEHICLES ARE LISTED IN COUNTY

SACRAMENTO (CNS)—There were 10,365 motor vehicles registered in Nevada county by June 30, the state department of motor vehicles reported.

Statewide total on that date was 7,287,659, an increase of 238,854 over the same date of 1957.

In Nevada county, the department said registrations included 7,332 automobiles, 2,089 trucks, 913 trailers, and 31 motor cycles.

This compared with a total registration of 10,179 a year ago, including 7,342 automobiles, 1,974 trucks, 827 trailers, and 36 motor cycles.

The statewide breakdown as to type of vehicle showed 5,733,131 automobiles, 821,237 trucks, 557,554 trailers and 51,114 motor cycles. In addition, there were 94,623 exempt registrations.

Get License

Lester R. Lazzari, 22 and Donna J. Jeffries, 18, both of Truckee were granted a license to marry at Reno, Nevada.

To Wed
Hubert Hensley, 28 and Jacquelyn M. Murray, 36, both of Norden were issued a marriage license at Reno, Nevada.

Crandalls in Modesto
Mr. and Mrs. Edwin Crandall are living in Modesto where he is working for a large company and eventually plans to go to South America, having studied foreign trade.

Report Shows Big Gain In District During Past Year

Sale Of Land Gives Boost To Finances Of Local Utility District

Due primarily to the sale of land to the state division of highways for a new freeway through Truckee and vicinity, the Truckee Public Utility District during the last fiscal year enjoyed the most lucrative period in its 31 year history.

The report from Harry M. Straine & Sons of Sacramento, certified public accountants, showed the district had cash on deposit totaling \$122,173.57, compared to \$17,196.47 on the same date, June 30, of last year.

The report filed last week with the board of directors following the annual audit, showed the electric department's operating revenue was \$9,901.58 after provision for depreciation of \$5,343.02 and a net revenue of \$115,582.52 after miscellaneous revenues and sale of land for rights of way to the state.

The water department, according to the report, showed a net loss of \$17,805.85 after provision for depreciation of \$12,341 and a net gain of \$9,738.15 after taking into account revenue received from the sale of rights of way land to the state.

The loss was accounted for through the moving and restoring of mains and services to make way for the freeway and a large percentage of this loss will be refunded by the state.

The biggest single cost to the district was for electric energy, this totaling \$69,515.93.

For this outlay the district collected \$131,764.32 in charges, less \$8,295.08 in customers' discounts and allowances.

Office and executive salaries were reported at \$15,474.25 as the next largest cost while production and operating expenses came to \$13,847.40. This latter item included repairs and replacements totaling \$7,954.31, transformers, \$4,046.07 and lesser items.

Of the total revenue \$102,547.50 came from the sale of land for highway rights of way.

Water Department
The operating revenue from the water department totaling \$27,469.63, was cut down with an operating expense of \$32,979.48, which included repairs and replacements adding up to \$14,308.13, office and executive salaries of \$5,672.50 and \$3,925.86 for store room supplies. Depreciation was fixed at \$12,341. Sale of land for rights of way totaled \$27,704, which added to the sum received by the electric department brought the district \$130,251.50.

Small Boy Hurt In Tahoe Car Mishap

Three year old David Ken Amamoto of San Mateo was injured at 1:15 p.m. Monday when he dashed onto the highway at Pomin's at Lake Tahoe and was struck by a car driven by Denis A. Sach of Tahoe City.

State Patrolman Carroll Maynard, who was called to investigate, absolved Sach of any blame.

The injured boy, vacationing at the lake with his parents and two older sisters, was taken to the Tahoe Forest Hospital for head injuries, not believed to be serious.

Maynard said he learned the little boy was playing with his sisters while his parents were enjoying a dip in the lake. He dashed from behind a pine tree where he apparently had been hiding and ran onto the highway without warning. Sach, who was traveling south on Route 89, had no time to stop and avoid striking the victim.

TAHOE SEWAGE WILL BE STUDIED TUESDAY

Lake Tahoe's sewage disposal problem will be the subject of a special meeting of the California-Nevada Interstate Compact Commission of California at 1:30 p.m. next Tuesday, September 2, in Sacramento.

Representatives of the various county and state agencies concerned with water pollution and sewage problems around the Lake Tahoe area are being invited to this meeting to discuss these problems with the commission.

The meeting will be held in Room 102, Business and Professions Building, 1020 N Street, Sacramento.

Elementary PTA Will Sponsor Pastry Sale

Mrs. Wilber Glenn announced that the Truckee Elementary P.T.A. will hold a home baked pastry sale starting at 10 a.m., Saturday, August 30 in Z Market at Gateway Shopping Center.

Unemployment Day Early

The Auburn unemployment office will accept all Truckee and Lake Tahoe applicants on September 8 instead of September 9 due to the Admission Day Holiday.

NEW TAHOE PARK WILL BE OPENED

Governor Charles Russell of Ne-
vada was expected this week to is-
sue a proclamation officially cre-
ating the first state park for Wa-
shoe County on the shores of Lake
Tahoe.

The new park will be known as
Sand Harbor State Park. It com-
prises about nine acres and was ob-
tained through the cooperation of
George Whittell, who owns large
acreage in the area near Brockway.

The public has been asked not
to use the park until work is com-
pleted this month as visitors have
interfered with the work being
done. The park will have 1,200
feet of beach front and will be one
of the best areas available at Tahoe.

SPEED INCREASED IN SIERRAVILLE AREA

Revision of the speed limit to 35
miles per hour on a portion of State
Sign Route 49 through the com-
munity of Sierraville, Sierra Coun-
ty, was announced today by the
state department of public works.

The new zone commences at the
junction with State Sign Route 89
and extends approximately one-half
mile toward Loyalton.

The change in the speed limit
from 25 miles per hour was ap-
proved by State Highway Engineer
G. T. McCoy following an engineer-
ing and traffic study by the division
of highways which showed the new
speed limit would be more appro-
priate to traffic conditions on this
section of highway.

The new zoning will become ef-
fective with the posting of signs,
probably within a week.

Fah Soon, Shun Su Ming, Charles
Robert Morrey and four Doe de-
fendants.

Cobbie, charging he was hurt in
the head, body and limbs, asks
judgment for this, plus loss of
earnings and medical expenses.

way ahead of schedule and will be finished except for the hard top by the end of the year. Big next year we can look forward to with an all-year highway—that will really be something!

Wedding
Diana Shaver and Kenneth Keren were married in Virginia City last week. We and their many friends wish them many happy years of wedded bliss.

Wonderful Trip
Barbara Prescott is leaving for Europe on August 25 to work for the army in Germany for two years.

Birthday
Birthdays for Barbara Bergman and Beverly Newell, beautiful twins, was celebrated at the Mesa on Mt. Rose Highway. We wish them many happy returns.

House Guests
Art and Marianne Mueller who have lately built a motel in Kings Beach had Marianne's mother and dad and friends from Pasadena as guests for the past week.

Sick List
Mrs. Ginger Shumacher has been home ill during the past week, but according to Wendy, her husband of the Tahoe Food Center, she is doing very nicely and should be going back to work shortly in the

SON OF LOCAL WOMAN RECRUIT GRADUATE

SAN DIEGO (PHOTO)—Anthony L. Smihula, son of Mrs. Beverly M. Wilson of Truckee, Calif., graduated from recruit training August 18 at the Naval Training center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Spots In The Sun From 1945

Returning to Truckee, Sgt. H. B. Fowler and Highway Officer William Gautsche represented the local highway patrol at a Colfax meeting when Chief Ray Cato praised the local squad. The meet was also attended by Inspector H. E. Blackwell and Captain George Peterkin of the Placer Area Patrol.

Earl Smith, student body president of the local high school visited Camp Beale prisoners camp at Marysville, where 5000 German prisoners were well treated.

His sister, Gertrude, a junior and Dorothy Parkhurst, sophomore were on the school's honor roll for the second quarter.

N. F. Dolley and Tony Pace bought the pioneer store of W. F. Wilkie, Sr., who had operated it for 55 years.

Cpl. Rodney Yeakle of Tahoe City was "touring" England, Ireland, Scotland in the army and was awaiting the arrival of the Sierra Sun to supply him with news of his home town.

Kings Beach Beauty Salon. Keep well from now on, Ginger, we missed your smiling face during the past week.

Sprained Ankle
Ruth Stelzreide had the misfortune to sprain her ankle during the week but Ruth, too, is coming along very nicely.

Shipped Out
Kenny Lavery left Treasure Island on the 22nd of August for Long Beach where he will be on the cruiser St. Paul, while our other sailor boy, Davey Ashton, has been flown to a Naval Hospital in Oakland for further treatment on his dislocated shoulder.

Golf Course
The Brockway golf course is the prettiest it has been in many years since the heavy rains. Many top notch entertainers have been taking advantage of the beautiful course.

More Visitors
Carl and Nina Sorensen have had a house full of visitors during the past week, Carl being the chief cook and bottle washer.

Organ
The sweet music of Enola DeGregorio will be heard again this winter at the Nevada Club in Crystal Bay.

Tahoe Races Big Success As Breathless Wins Unlimited Main Event

CHAMBERS LODGE— Jay Murphy of Piedmont piloted the unlimited hydroplane Breathless in a record breaking time Sunday to win the Lake Tahoe Yacht Club's 30th annual regatta in the main event of the thrill-packed races at Chambers Lodge.

Breathless won from Stan Dollar's Mercury which had been in retirement but brought out for the event.

Murphy eased his unlimited hydroplane around two and three-quarter laps of the championship race, then "put his foot in it" as the two boats came onto the final straightaway neck-and-neck. The Breathless roared by the pier and across the finish line at more than 100 miles per hour, less than 20 feet off the end of the pier as Jay gave the judges and fans a good look.

The championship race was the highlight of the day jammed with racing for members of the Tahoe Yacht Club. Other than the championship, itself, (which is designed for unlimited hydroplanes) only the junior outboard events in the early morning were open to non-members of the TYC.

Seven outboard races opened the program, beginning at 8:30 a.m., and the regular card starting at 9:30 o'clock added 13 more. The program ran until nearly 2 p.m.

The Commodore's Cup for the most points during the day-long regatta was awarded to Morlan Visel. His 16-foot Century was driven to two victories and one third place finish. The boat was driven twice by Dick Clarke and once by Visel's daughter, Bonnie.

Miss Visel won the Edwin Letts Oliver perpetual trophy for her victory in the day's final event, the scramble, "bang-and-go-back" event.

In trophy presentations following the race, Commodore J. Philip Murphy of Piedmont presided. Included in the ceremonies was naming three co-winners of the Randolph C. Walker Memorial trophy for the top point winners during the summer. Co-winners named were Jack Healey, Pam Clarke, and Danny Mullin, each with 1,200 points accumulated through TYC race events.

HARRY HENRIKSON EXPIRES AUGUST 24

TAHOE CITY— Harry Henrikson, 66, a former longtime resident of Tahoe City, expired in the Southern Pacific Hospital at San Francisco Sunday, August 24, following a lengthy illness.

Henrikson was a native of Norway and since leaving Tahoe had made his home in Sacramento.

The deceased leaves two sons, Charles and Oliver and seven grandchildren all of Tahoe City. There are several brothers and sisters residing in the east.

Burial will be in the Tahoe City cemetery without services, but friends may show their respect by contributing to the cancer society.

The community extends sympathy to the surviving family members.

NOTICE OF HEARING SETBACK VARIANCE LAKE FOREST TRACT

Notice is hereby given by the Placer County Planning Commission that hearings will be held by said Commission on September 12, 1958, and September 26, 1958, in the Supervisors' Room, Courthouse, Auburn, California, at the hour of 10:30 A.M. to consider an application for a variance to build garage five feet from property line on Lot 7A, Block 12, of Lake Forest Tract in Lake Forest. Said variance is requested because of snow removal difficulties and to provide more convenient access to the county road for patrol car housed in said garage.

At said hearings all persons in favor of the granting of said variance and all persons opposed thereto may be heard.

GORDON COLLINS, Secretary, Placer County Planning Commission.
NANCY CAPERON, Clerk of said Commission.

Dated: August 25, 1958.

SIERRA JR. COLLEGE GETS LAND OPTIONS

AUBURN— Sierra Junior College District trustees have authorized negotiator Thomas J. Pugh of Roseville to obtain options on seven parcels of land east of Rocklin for use as a new site for Sierra College.

Trustees asked supervisors to call for bids August 29 on the remaining \$2,740,000 in bonds voted last October. The district has sold \$300,000 of the issue and the money is available for site purchase and development.

The proposed site will be centered around the George Takahashi and A. C. Tuley tracts, with five surrounding parcels under consideration. The Takahashi-Tuley tracts had been recommended by the state division of school planning, with a recommendation adjoining parcels be considered for ultimate expansion.

The board also received a progress report from superintendent Harold M. Weaver and dean of instruction A. M. Akers on the development of building plans.

Weaver announced the assessed valuation of the entire Sierra College district is \$109,475,115 of which \$99,798,845 is within Placer County.

If you have a philosophy that life must be kind to you, you're licked before you start. —Universalist Leader.

SIERRA SUN ADS PAY!

SKI CLUBS MERGE TO SPONSOR SKI EVENTS

SQUAW VALLEY— Formation of the California-Nevada Ski Club, composed of four Lake Tahoe area ski groups, to sponsor the skiing events of the 1960 Winter Olympics has been disclosed.

The four clubs are the Squaw Valley-Lake Tahoe Club, the Sugar Bowl, the Heavenly Valley-South Tahoe Club and the Reno Ski Club. The formation of the group to sponsor the ski events was sanctioned by the International Federation of Ski and the Olympic Games organizing committee.

Snowline skiers heralded the formation of the group as the "first recognition from the organizing committee for the work we've done to promote skiing in the Sierra".

The group will be guided by an eight-member board of directors, two representatives from each ski club.

"This is a far reaching step which will do much to resolve differences that have existed between the organizers and the skiers," a ski club spokesman said.

The California-Nevada Ski Club will provide officials, gatekeepers and race personnel on a voluntary service basis during the 1960 winter games here.

A ski spokesman said the group planned to continue after the Olympics to further ski competition in the Sierra-Lake Tahoe area.

Over 2,500 gallons	3.025	24.20	
Tractors	3.55	28.40	

OVERTIME Saturdays, Sundays and Holidays — time and one-half unless otherwise shown.

*Time and one-half except Sundays and holidays, which shall be at the rate of double time.

Each bid must conform to the Requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the Office of the Architect, GORDON STAFFORD, 1024 1/2 J Street, Sacramento, California, and at the Office of the Superintendent, Tahoe-Truckee High School, U.S. Highway No. 40 near Truckee, California.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the

bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 25th day of August, 1958.

JOHN A. CORBIN

Secretary of the Governing Board of the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT, Placer & Nevada Counties, California.
Address of the Secretary:
P. O. Box 563
Kings Beach, Calif.

Aug 28, - Sept 4 - 11

returning to civil service status with the state and still others receiving new appointments to other posts from Knight, for specified terms.

However, these have been relatively few in number. Three members of his secretariat are gone — Executive Secretary Newton Sterns to a public relations firm; Press Secretary Tom Bright to department of motor vehicles; and Research Secretary Douglas Barrett to the California Youth Authority. Finance Director John M. Peirce resigned to become general manager of the San Francisco Bay Area Rapid Transit Authority, Ernest Webb, director of industrial relations was appointed to the industrial accident commission.

More recently, the resignation of Miss Margaret Kay Anderson, chief of the industrial welfare division, "for opportunities in private industry," was announced. And Sterling Winans resigned as director of recreation to take a post in Singapore.

Thus, the bulk of the department directors and other pleasure appointees still are on the state payroll, wondering where their next \$1,000-\$1,500 a month job is coming from. Some are hopeful they might make the switchover to the new administration.

At best, this is a questionable pastime. Attorney General Edmund G. Brown has indicated that, if elected, he might be inclined to keep a couple of the top professional directors around. However, some of his associates have been just as insistent that he won't keep a one.

But this outside chance of being retained has brought about some frenzied activities on the part of some directors, to prove they are indispensable to state government or, failing that, at least worthy of

FORESTRY—U.S.A.

EVERYMAN'S EMPIRE

DID YOU KNOW THAT YOU OWN A SLICE OF VALUABLE FOREST LAND? YOU DO — YOUR SHARE OF THE NATIONAL FORESTS IS SLIGHTLY MORE THAN ONE ACRE, ABOUT THE SIZE OF A FOOTBALL FIELD.

YOUR ACRE, ALONG WITH THOSE OF YOUR FELLOW-AMERICANS, MAKE UP A PUBLIC FOREST RESOURCE, PROVIDING MANY PRODUCTS AND SERVICES. TRULY, "EVERYMAN'S EMPIRE."

VACATION DAYS ARE TRAFFIC HAZARDS

Final vacation days call for the utmost in traffic law obedience if you are to avoid traffic accidents says the California Highway Patrol.

"With the final weekend holiday of the summer vacation season opening the road to thousands of vacationists and fun seekers, our highways will be loaded with accident potentials," declared Sergeant F. H. Snyder of the Truckee Substation office of the patrol. "Excessive speed, cutting in and out of traffic lanes, driving too slowly in the passing lane on multi-lane highways and fatigue from excessive continuous driving hours will take their toll the next two weeks."

"I have instructed the men in this command to exercise every action possible to control the expected situation," stated the Sergeant. "Only constant vigilance and strict adherence to the traffic rules and regulations will suffice in our efforts to keep this area free of traffic injuries and fatalities through the balance of the summer."

USE YOUR ASH TRAY

Darling, it came! And it's already saving me steps!

An extension phone can be your greatest kitchen helper. It saves you steps and time every day—lets you make and take calls right where you're working. Like color? You can choose from a cheery rainbow of shades* that spark up your kitchen (or bedroom) like a bright bouquet. An extension telephone costs so little, too: only \$1.00 a month after installation. Why not call your telephone business office today and ask about a step-saving extension—in color. It'll be the smartest thing in your home.

*Wall phones come in these 7 colors with matching springcords: Ivory, Moss Green, Cherry Red, Pastel Yellow, White, Light Beige and Light Grey. Table phones come in all these colors plus Rose Pink and Aqua Blue.

Working together to serve you better... **Pacific Telephone**

SIERRA SUN

ORDINANCE No. 5808

TRUCKEE PUBLIC UTILITY DISTRICT

Defining and Classifying Types and Users of Electric Service, System and Facilities Thereof; Establishing Electric Rates and Charges Applicable Thereof; Providing for the Establishment and Enforcement of Rules and Regulations Regarding said Electric System, Service and Facilities; Providing Means for the Collection of Electric Rates and Charges and Enforcement Measures in Case of Non-Payment or Certain Violation; Providing for Appeals.

BE IT ENACTED BY THE BOARD OF DIRECTORS OF TRUCKEE PUBLIC UTILITY DISTRICT as follows:

SECTION 1. DEFINITIONS: For the purposes of this Ordinance the terms and words below are hereby defined as follows:

1.1 **DISTRICT:** Truckee Public Utility District, and property within the exterior boundaries thereof.

1.2 **UTILITY:** Electric Service, system, facilities and appurtenances of Truckee Public Utility District.

1.3 **CUSTOMER:** Any individual or agency of record receiving or making use of electric service from said District.

1.4 **PREMISES:** Any lot, piece or parcel of land, improved or unimproved, to which electric service is being or is to be provided.

1.5 **TARIFF SCHEDULES:** The entire body of effective rates, rentals, charges penalties and regulations set forth or provided for herein.

1.6 **PUBLIC USE:** Provision of electric service to a municipality or other public body.

SECTION 2. TYPES AND CLASSES OF SERVICE: For the purpose of this Ordinance there is hereby established the following types and classes of service:

A. **TYPES OF SERVICE:**

A-1 **Flat Rate Service:** Provisions of electric service in unmeasured quantities charged for on a fixed periodic charge.

A-2 **METERED SERVICE:** Provision of electric service in measured quantities charged for on metered rates.

A-3 **TEMPORARY SERVICE:** Service for construction work and similar uses, which, because of the nature thereof, will not be used steadily or permanently.

A-4 **SEASONAL SERVICE:** Provision of electric service, for a limited but specified period of time.

A-5 **UNCLASSIFIED SERVICE:** Provision of electric service in measured or unmeasured quantities, which because of unusual circumstances or characteristics thereof is not properly classified in other types of service noted above.

SECTION 3. ELECTRIC SERVICE AREAS: The areas in which electric service is or may be furnished by Truckee Public Utility District are described as follows:

3.1 **SERVICE AREA No. 1:** Comprising the South 1/2 of Sections 10 and 11, all of Sections 14 and 15, Township 17 North, Range 16 East, M.D.B. & M. (Truckee)

3.2 **SERVICE AREA No. 2:** Comprising the South 1/2 of Sections 8 and 9, all of Sections 16, and Section 17, all Township 17 North, Range 16 East M.D.B. & M. (Gateway and Meadow Lake)

3.3 **SERVICE AREA No. 3:** Comprising the South 1/2 of Section 7, all of Section 18, in Township 17 North, Range 16, East, and the South 1/2 of Sections 10 and 11 and 12, and all of Sections 13, 14 and 15, Township 17 North, Range 15 East, M.D.B. & M. (Donner Lake)

3.4 **SERVICE AREA No. 4:** Comprising all other parts, parcels, portions or sections lying within the exterior boundaries of Truckee Public Utility District.

3.5 **SERVICE AREA No. 5:** All land outside the exterior boundaries of Truckee Public Utility District.

The Truckee Public Utility District specifically reserves the right, in the discretion of its Board of Directors, to apply special or restricted service, rates, charges or regulations within any of the service areas described which may differ from the service, rates, charges, or regulations applicable in another service area.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule L-7****Domestic Lighting**

1. Applicable for Domestic Lighting to single or multiple family residences, Flats and Apartments, individually metered by the District.

2. Available throughout service areas No. 1-2-3.

3. Service shall be alternating current, regulated frequency of approximately 60 cycles, single or three phase, delivery at approximately 120, 120-240, 120-208Y or 240 volts as may be requested by customer and approved by the District.

4. **RATES:**
First 18 K.W.H. \$1.00
Next 82 K.W.H. .05 per KWH
Next 100 K.W.H. .045 per KWH
Next 150 K.W.H. .04 per KWH
Next 150 K.W.H. .03 per KWH
All over 500 K.W.H. .02 per KWH
Minimum charge: \$1.00 per month, or any fraction thereof.
Discount of 10 percent allowed on Electric bills paid on or before 10th of current month.
Service not paid for by 15th of current month may be disconnected without further notice.

5. Approved and made effective as of October 1, 1958.
Supercedes Schedule L-6, 5-1-55.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule C-6****Combination Domestic Lighting and Appliances**

1. Applicable for Domestic Combination Lighting and Appliances.
2. Applicable only to single family residences and flats and apartments, individually metered by the District, with an available minimum load of 3000 watts in appliances. Where a portion of a residence or of the energy consumed therein, is used for the conduct of business, the electric energy consumed in such portion will be separately metered and billed under the appropriate Commercial Lighting Schedule; if facilities to permit such separate metering are not provided by the customer, the entire premises will be billed under Commercial Lighting Schedule.

3. Motors aggregating not more than twenty percent of the available load may be included under this schedule.
4. Available load shall be considered as the manufacturer's name plate rating of all appliances owned and available for use.
5. Available throughout service areas 1-2-3.
6. **RATES:**
First 50 K.W.H. per month .05 per KWH
Next 50 K.W.H. per month .035 per KWH
Next 500 K.W.H. per month .025 per KWH
All over 600 K.W.H. per month .02 per KWH
Minimum Charge: \$2.50 per month, or any fraction thereof.
Discount of 10 percent allowed on all bills paid on or before the 10th of the current month.
Service not paid for by the 15th of current month may be disconnected without further notice.
This rate shall not apply until a personal check of appliances shall have been made by the District and shall automatically cease to apply when total available appliances are reduced below 3000 watts. District to make at least one yearly check of appliances under this section.
7. Approved and made effective as of October 1, 1958.
Supercedes Schedule C-5, 5-1-55.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule HC-1****Domestic Lighting, Heating and Cooking and/or Commercial Heating or Cooking**

1. Applicable to Domestic Lighting, Heating and Cooking in single family dwellings only, with 10 KW or more of permanently connected active load, and to commercial cooking and heating with 7.5 KW or more permanently connected active load, metered through a separate meter.
The installation of an Electric Hot Water Heater rated at not less than 5 KW and of 40 gallon capacity or more shall qualify under this rate.
2. Available connected load shall be considered as the manufacturer's name plate rating of all permanently connected heating and cooking appliances that are currently in use.
3. Motors aggregating not more than twenty percent of the available load may be included under this schedule.
4. Available throughout service areas No. 1-2-3.
5. Service shall be alternating current, regulated frequency of approximately 60 cycles, single or three phase, delivery at approximately 120, 120-240, 120-208Y or 240 volts as may be specified by the District.
6. **RATES:**
First 150 K.W.H. .04 per KWH
All over 150 K.W.H. .02 per KWH
Minimum Charge \$3.50 per mo. (or any fraction thereof)
Discount of 10 percent allowed on Electric Bills paid on or before the 10th of current month.
Service not paid for by 15th of current month may be disconnected without further notice.
This rate shall not apply until a personal check of appliances shall have been made by the District and shall automatically cease to apply when total available appliances are reduced below load designated in paragraph 1. District to make at least one yearly check of appliances under this schedule.
7. Approved and made effective as of October 1, 1958.
Supercedes Schedule HC-1 7-1-47.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule HC-2****Domestic Lighting, Heating and Cooking and/or Commercial Heating & Cooking**

1. Applicable to Domestic Lighting, Heating and Cooking in single family dwellings only, with 15 KW or more permanently connected active load, and to commercial cooking and heating with 10 KW or more permanently connected active load, metered through a separate meter.
2. Available connected load shall be considered as the manufacturer's name plate rating of all permanently connected heating and cooking appliances that are currently in use.
3. Motors aggregating not more than twenty percent of the available load may be included under this schedule.
4. Available throughout service areas No. 1-2-3.
5. Service shall be alternating current, regulated frequency of approximately 60 cycles, single or three phase, delivery at approximately 120, 120-240, 120-208Y or 240 volts as may be specified by the District.
6. **RATES:**
First 150 K.W.H. .04 per KWH
All over 150 K.W.H. .02 per KWH
Minimum Charge \$3.50 per mo. (or any fraction thereof)
Discount of 10 percent allowed on Electric Bills paid on or before the 10th of current month.
Service not paid for by 15th of current month may be disconnected without further notice.
This rate shall not apply until a personal check of appliances shall have been made by the District and shall automatically cease to apply when total available appliances are reduced below load designated in paragraph 1. District to make at least one yearly check of appliances under this schedule.
7. Approved and made effective as of October 1, 1958.
Supercedes Schedule HC-2 7-1-47.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule P-3****General Power Service**

1. Applicable to general commercial and industrial power service. Incidental lighting service may be taken under this rate when the connected lighting load does not exceed 10% of the connected power load.
2. Available throughout service areas No. 1-2-3.
3. **RATES:**
First 150 K.W.H. .04 per KWH
Next 350 K.W.H. .035 per KWH
Next 500 K.W.H. .025 per KWH
All over 1000 K.W.H. .02 per KWH
Discount of 10 percent allowed on Electric bills paid on or before 10th of current month.
Service not paid for by 15th of current month may be disconnected without further notice.
4. Minimum Charge (Single phase service) \$.75 per connected H.P. but not less than \$3.00 per month.
Minimum Charge (Three phase service) \$1.00 per connected H.P. but not less than \$5.00 per month.
5. Connected load will be taken as manufacturer's name plate rating, except in the case of electric welding equipment in which case all connected electric welder load shall be included in the minimum and computed as follows: Input of less than 20 Amp - 3 H.P., all over - 5 H.P.
6. Approved and made effective as of October 1, 1958.
Supercedes Schedule P-2, 5-1-35.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule K-2****Wholesale Power Service**

1. Available for power and lighting service where the total active connected motor load is 50 H.P. or more.
2. Available throughout service areas 1-2-3.
3. **RATE:**
(a) For service at less than 2500 volts:
Demand Charge \$2.40 per month per kilowatt of maximum demand, plus an increase of 1% for each 1% that the average power factor falls below 80%. The maximum demand on which the demand charge will be based will not be less than 50% of the greatest maximum demand occurring during the 11 preceding months.
ENERGY CHARGE
First 3000 K.W.H. per meter per month .16c per K.W.H.
Next 3000 K.W.H. per meter per month .14c per K.W.H.
Next 3000 K.W.H. per meter per month .12c per K.W.H.
Next 3000 K.W.H. per meter per month .10c per K.W.H.
All over 12000 K.W.H. per meter per month .08c per K.W.H.

TRUCKEE PUBLIC UTILITY DISTRICT**Schedule K-1****Wholesale Power Service**

1. Available for power and lighting service where the total active connected motor load is 50 H.P. or more.
2. Available throughout service areas 1-2-3.
3. **RATE:**
(a) For service at less than 2500 volts:
Demand Charge \$2.40 per month per kilowatt of maximum demand, plus an increase of 1% for each 1% that the average power factor falls below 80%. The maximum demand on which the demand charge will be based will not be less than 50% of the greatest maximum demand occurring during the 11 preceding months.

Officials to Attend AFA Conference in Tucson

Assemblyman Francis Lindsay of Loomis has been invited to take part in the 83rd annual meeting of the American Forestry Association later this fall. Lindsay, as chairman of the assembly interim committee on conservation, planning and public works, has long been recognized as an authority on soil conservation, water management and timber development.

Appearing with Lindsay in this important conference will be Lawrence Mehren, president of the Valley National Bank of Phoenix, Edward Woolley, director of the Bureau of land management, and

Gus P. Backman, secretary of the Salt Lake City Chamber of Commerce. The topic to be discussed is watersheds and their management, and it is singularly significant that Assemblyman Lindsay should be chosen to discuss the citizen's responsibility in watershed management. His long service in the state legislature and his contributions to the progress and development of northern California merit this tribute.

The meeting will be held in Tucson, Arizona.

The best time for parents to put the children to bed is while they still have the strength.—Homer Phillips.

HOUSING DIRECTOR SPEAKS AT TAHOE ROTARY CLUB MEET

TAHOE CITY—Louis B. Spitz, housing director of the organizing committee for the 8th Winter Olympics was the second after luncheon speaker at Tahoe City Rotary Club meetings for the past two weeks.

Spitz told the 23 local members and 39 visitors that all land matters have been settled to the satisfaction of all concerned, that three and one-half million dollars of the four million dollar federal grant is going into the high ice rink. He said the Placer County sheriffs office will handle policing with men from the Pinkerton Detective agency, that all events will, for the first time in the history of olympic games, be staged in the valley where the contestants will be housed and that from 12 to 15 nations will be represented.

Regarding housing, Spitz said every accommodation around the lake will be filled to capacity but, he continued, "we will try not to place our visitors where they might be uncomfortable, like in private front rooms or porches."

"The speaker said a canvass of the Lake Tahoe area showed 99 per cent of resort owners will be cooperative by not boosting their rates unreasonably and have the visitors go home feeling they had been overcharged because of the big event. He thought the one man will finally change and be cooperative."

Fred Kilner, program chairman for the month of August introduced the speaker. Martin Spitsen presided at the August 19 meeting.

SQUAWS THRIFT SHOP OPENING SET AUG. 30

TAHOE CITY—Last minute preparations are being completed by the Tahoe Squaws for the August 30 opening of their thrift shop located a quarter of a mile south of Tahoe City in the guestons of the Pacific Telephone Company.

Tea and coffee will be served between 10 and 4 o'clock on Saturday when the recently formed club will launch the charitable project.

The following women are presiding as officers: Mrs. Neal Marvin, president; Mrs. E. Giannini, vice president; Mrs. Robert Beckman, recording secretary; Mrs. William Briner, corresponding secretary; Mrs. Clifford Lee, treasurer; Mrs. Peggy Dudman, parliamentarian; Mrs. Wendall Russell, auditor.

The interest and response for household articles and good, used clothing has been gratifying but the group will appreciate continued donations. They will be picked up for the sale by calling Mrs. Robert Beckman at JUniper 3-3519.

22 CENT ROAD TAX APPROVED BY BOARD

AUBURN—A countywide road improvement tax of 22 cents per \$100 assessed valuation was approved by the board of supervisors to raise 200,000 for road maintenance and construction during 1958-1959.

The supervisors previously had transferred \$200,000 in county sales tax funds into the road fund for the purpose. This amount was returned to the county general fund.

The board approved the county budget for 1958-59, calling for approximately \$1,811,720.29 to be raised by taxation. Last year's figure was \$1,352,121.79.

TAHOE WOMEN'S CLUB MEET SEPTEMBER 4

TAHOE CITY—The next meeting of the Tahoe Women's Club will be held at 12:30, Thursday, September 4th at Joe Ross' Trade Winds in Kings Beach where a delicious luncheon will be served.

Mrs. P. G. Friday of Sacramento and Tahoe will be the guest speaker. Mrs. Friday is dean of the presidents of the Federated Womens Clubs and will speak on the duties of the president.

BEACHES, PARKS IS SPREADING OUT IN QUESTIONABLE SITES

by Henry C. MacArthur

SACRAMENTO —(CNS) — Historical monuments by the score throughout California aren't enough these days for the state division of beaches and parks. Newton B. Drury, chief, wants a "back-drop" added.

Drury's reasoning, as outlined at a recent meeting of the state public works board, almost reaches the zenith as far as out and out bureaucracy is concerned.

The incident concerned the Petaluma Adobe Historical Monument. The division of beaches and parks recommended that 99 acres of land be purchased, at an estimated cost of \$50,000, to add to the five acres which presently makes up the monument, a ranch headquarters for General Vallejo.

Drury told the public works board this was the most important item on the agenda, and wanted to know what good the monument is if the visitors are "not able to gaze out over the country?"

He pointed out that General Vallejo originally had some 40,000 acres in the area, and 99 acres was little enough to afford the visiting public a view of the surrounding country.

Fortunately for the public, and particularly the taxpayers, there are some members of the state public works board who are able to distinguish between necessity and desirability, as compared to the "head in the clouds" attitude of the state division of beaches and parks.

Senator Luther E. Gibson, Vallejo, started saving the day for the taxpayers when he demanded a few more facts about the necessity for adding the 99 acres to the state park system.

"General Vallejo", Gibson pointed out, "had to make a living off the land. We're talking about taking this property off the tax rolls. We have to leave some property on the rolls to provide a tax base."

The board took Senator Gibson's protest into consideration, and delayed approval of the purchase pending further investigation and

BANK OPENS BRANCH AT STATE FAIR AUG. 27

Bank of America's California State Fair branch begins operations on Wednesday, August 27, for the convenience of exhibitors and visitors to the state fair grounds in Sacramento.

John Lemly of the Sacramento main office is in charge of the branch for the sixth straight year with L. F. Hardy of the same office directing the operation.

ACCIDENT VICTIM

Clarence Meade, 44, employed at Thornton's Garage, was taken to the Tahoe Forest Hospital Tuesday afternoon with injuries to his hands and back after a rim from a tire which he was repairing flew off and struck him. His condition is not serious, hospital attaches report.

Conformity in behavior is a human necessity; conformity in patterns of thought a human danger —Crawford H. Greenewalt.

study.

Beaches and parks continues its expansion, despite the fact that much of the property it has not developed for full usage by the public. The board, at the division's recommendation, voted \$350,000 for construction of a museum in Death Valley, and even as this expenditure was given official approval, there still is evidence that people are being turned away from state parks by the score, for lack of facilities for camping.

The Death Valley project, according to information given the public works board, is to be constructed in co-operation with the National Park Service. Death Valley is a national monument, and properly should be the responsibility of the federal government.

However, some kind of a deal was worked out in the legislature where funds were made available for Death Valley, Donner, and the Coloma Gold Discovery Site. Senator Harold T. Johnson, Roseville, made certain before he approved the Death Valley expenditure that Donner and Coloma were under way. These two developments are in Senator Johnson's district.

State of California
Department of Public Works
Division of Highways

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received by the Department of Public Works, Division of Highways, at the office of the District Engineer, 703 "B" Street, Marysville, California, until 10 a.m. September 11, 1958 at which time and place they will be publicly opened and read, for performing work as follows:

Nevada County, 0.25 miles east of Donner Lake Gate, (III-NEV-37-D), drainage facilities to be constructed.

Plans and specifications, and forms of proposal, bonds, and con-

tract may be obtained at the above address.

No bid will be considered unless it is made on a proposal form furnished by the District Engineer, and is made in accordance with the provisions set forth under Section 2, "Proposal Requirements and Conditions", of the Standard Specifications. Each bid must be accompanied by a proposal guaranty in accordance with the requirements of Section 2, article (g), of the Standard Specifications.

The Department of Public Works reserves the right to reject any or all bids.

The quantities listed in the State Highway Engineer's Estimate hereinafter stated, are approximate only, being given as a basis for the

comparison of bids, and the Department of Public Works does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, or to omit portions of the work, as may be deemed necessary or advisable by the Engineer.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows.

Rate per hour	Classification
\$3.00	Apprentice (oilier, fireman, heavy duty repairman helper)
2.785	Asphalt ironer and raker
2.935	Cribber
2.685	Flagman
3.55	Heavy duty repairman
2.685	Laborer
2.685	Limber, brush loader and piler
3.95	Operator of power shovel, dragline, crane, clamshell, backhoe - over one yard
3.75	Operator of power shovel, dragline, crane, clamshell, backhoe - up to and including one yard
2.935	Pipe layer, caulker, bander
3.75	Power blade operator
2.935	Riprap stonepaver and rock slinger including placing of sacked concrete (wet or dry)
3.50	Roller or self propelled compactor operator
3.55	Scoopmobile operator (when used as a loader)
3.10	Spreader boxman (with screeds)
3.70	Tractor loader operator (up to two yards)
3.85	Tractor loader operator (two yards or over)
2.75	Truck driver - under 4 yards (water level)
2.89	Truck driver - 4 yards and under 6 yards (water level)
2.925	Water truck driver - under 2,500 gallons
Any classification omitted herein not less than \$2.685 per hour.	
Overtime—not less than one and one-half (1½) times the above rates.	
Sundays and holidays—not less than one and one-half (1½) times	

FIRST NEWS LETTER BY OLYMPIC GROUP TELLS OF PROGRESS

Under the editorship of Jack Geyer, public relations director for the 1960 Winter Games, the first issue of "Newsletter" the official publication of the Organizing Committee of the VIII Olympic Winter Games, has been published.

The letter brings readers up to date on the planning program and the current issue bears the headline "Squaw Valley Construction Booming" followed by the following story:

SQUAW VALLEY, Lake Tahoe—The clang and clatter of construction activity is echoing from dawn to dusk at Squaw Valley these summer months as the organizing committee for the VIII Olympic Winter Games takes advantage of snow-free conditions to prepare the area for the 1960 international event.

The first snowfalls of the 1958 winter will decorate several spanking-new facilities, including the four dormitory buildings of the

above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

STATE HIGHWAY ENGINEER'S ESTIMATE

BRUNKER PROMOTED BY COUNTY BOARD

W. W. Brunker, who has been down in the books as "county expert" now has the new title of "county finance director" and his retainer fee has been upped from \$1000 to \$3000 a year by the board of supervisors.

Brunker's duties are to assist county officers in an advisory capacity,

develop accounting procedures, investigate and audit as ordered by the board, study budgets and assume other duties ordered by the supervisors.

H. G. Loehr of Truckee, chairman of the board, praised the work of the "finance director."

Olympic Village area; the administration and maintenance buildings; the superstructure of the 11,000-seat ice arena; the ski jumps and the 3,200-foot double chair lift on Papoose Peak—a small brother to the 8,700-foot lift already in use on Squaw Peak.

The snows will hide over two million dollars worth of other completed construction efforts, including a flood control system and relocation of Squaw Creek; complete water supply and sanitation systems; the leveling of on-site roads and parking areas, and the 400-meter speed skating rink.

By winter of 1959, work will be completed on the award winning ice arena; the press building; the two outside hockey rinks; the athletes' center building; the reception building; two large spectator centers, and the necessary additional roads and ski lifts.

The administration, preparation and staging of the games is the responsibility of the Organizing Committee, VIII Olympic Winter Games, a non-profit organization headed by Prentiss C. Hale of San Francisco.

Funds for staging the games were made available by both the State of California and the federal government. The California State Legislature appropriated \$7,990,000, the United States Congress \$4,000,000.

The State of Nevada voted \$200,000 for the games and has established a Nevada Olympic Commission under the chairmanship of Edward J. Questa of Reno.

The California Olympic Commission, established in 1955 and headed by Chairman Charles R. Blyth of San Francisco, administers the expenditure of the state funds and is acquiring the land and providing the majority of the physical facilities for the games.

The California Department of Public Health, the division of highways, the department of finance, the department of natural resources, the department of employment, the highway patrol and other state agencies, along with their Nevada counterparts, are actively co-operating in the planning and staging of these contests.

United States Government co-operation in the Olympic project is also stemming from a number of departments and agencies.

The U. S. Forest Service has made available most of the land on which the games will be staged and has assigned to the area its avalanche expert, Monty Atwater, who is serving as technical advisor on snow-safety in Squaw Valley.

Secretary of State Dulles stated there would be no discrimination against games participants from any nation, including those not recognized by the United States.

The Department of the Army will furnish ski troops and other personnel and equipment necessary for the proper staging of the contests, while the Department of the Navy is conducting a program of snow compaction aimed at reducing the costs of road and parking preparation.

Olympic Valley will be the name of a special Post Office to be established by the U.S. Post Office Department. Additionally, the department has been asked to strike a series of commemorative stamps for the event.

Long-range weather forecasts are being prepared by the U.S. Weather Bureau in concert with the games' meteorological committee.

For the past two years the organizing committee's technical advisors have been developing courses, and the plans for the rinks and other phases of the sports competitions. These plans have been prepared in co-operation with the technical delegates of the Federation Internationale de Ski, the Ligue Internationale de Hockey sur Glace, the International Skating Union and the Union Internationale de Pentathlon Moderne.

city, develop accounting procedures, investigate and audit as ordered by the board, study budgets and assume other duties ordered by the supervisors.

H. G. Loehr of Truckee, chairman of the board, praised the work of the "finance director."

BIDS ARE OPENED FOR HIGHWAY SIGNS

The division of highways received an apparent low bid of \$18,969.20 today for the installation of two experimental illuminated radio-controlled road condition signs on Highway U.S. 40. The low offer was submitted by Marshall Electric Company of San Carlos. There were three bidders for the work.

The contract calls for the installation of the three-line signs at a location near Colfax and near Baxter. The signs are to be controlled by radio from the Yuba Gap maintenance station or, in an emergency, from headquarters communication center in Sacramento.

Various combinations of the three lines on the sign will warn the motorists at these two points of practically any road condition that may exist over Donner Summit. It is hoped the radio control will provide more current information than is presently possible with

 Defendants

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING: TRUCKEE LIGHT and WATER SERVICE, STEVE BESIO, TAHOE SIERRA DOG DERBY, LIMITED, A CORPORATION, JAMES A. SHERRITT, DOROTHY A. SHERRITT, FRED VON FLUEE, J. PASSINETTE, WENAR VON FLUEE, CHRISTINA RUTTLER, JOSEPHINE FERGUSON, REGINA WINN, C. A. TOLLEFSON, JESSIE I. TOLLEFSON, Defendants, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in plaintiffs' complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto; also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten days after the service on you of this summons—if served within this County; or within thirty days if served elsewhere.

The said action is brought to obtain judgment and decree quieting plaintiff's title to the following described real property, situated in the County of Nevada, State of California, and to determine all adverse claims thereon, and particularly described as follows, to-wit: A portion of Section 15, Township 17 North, Range 16 East, M. D. B. & M., described as follows, to-wit: Beginning at a point in the Northeast one-quarter of said Section 15 from which the East one-quarter corner of said section bears South 39° 06' 18" East a distance of 1802.33 feet distant; thence from said point of beginning running North 22° 58' West 157.78 feet to a point in the Southerly line of the Truckee River; thence running along said Southerly line South 70° 44' West 500.37 feet; thence leaving said Southerly line of Truckee River and running South 22° 58' East 216.00 feet; and thence North 64° 04' East 500.00 feet to the point of beginning, containing 2.146 acres, more or less, also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the complaint.

Given under my hand and Seal of the Superior Court of the State of California, in and for the County of Nevada, this 25th day of February A.D. 1957.

OPTIONS ORDERED FOR COLLEGE SITE

AUBURN—Sierra Junior College District trustees have authorized negotiator Thomas J. Pugh of Roseville to obtain options on seven parcels of land east of Rocklin for use as a new site for Sierra College.

Trustees asked supervisors to call for bids August 29 on the remaining \$2,740,000 in bonds voted last October. The district has sold \$300,000 of the issue and the money is available for site purchase and development.

The proposed site will be centered around the George Takahashi

the manually operated sign used at the present time.

Work on the project must start within 15 days following approval of today's offer by the Attorney General and be completed within 45 working days thereafter.

and A. C. Tuley tracts, with five surrounding parcels under consideration. The Takahashi-Tuley tracts had been recommended by the state division of school planning, with a recommendation adjoining parcels be considered for ultimate expansion.

The board also received a progress report from superintendent Harold M. Weaver and dean of instruction A. M. Akers on the development of building plans.

Weaver announced the assessed valuation of the entire Sierra College district is \$109,475,115 of which \$99,798,845 is within Placer County.

Goes to Jail

James A. Taylor, 42, a Truckee culinary worker, who had been arrested three times for vagrancy was held under \$500 bail in the Nevada County jail. He has entered a plea of not guilty before Judge F. W. Wilson.

At Al Tahoe—

Barry Leamon returned home after spending a vacation with Mr.

and Mrs. James Leamon at Al Tahoe.

HENRY EXPIRES

Continued from Page 1

the development of skiing events which eventually led to the forthcoming Winter Olympics. He was a veteran member of the Truckee Lions Club.

In recent years the deceased and Mrs. Henry have earned considerable public acclaim through their work in the Ground Observer Corps having operated the Tahoe City Post as a family for many years, establishing a national record.

Besides his wife, Henry is survived by two children, Albert M. Henry, Jr. and Mrs. Patricia Fox and three grandchildren, Gary and Cary Henry and Tabor Griswold Fox, all of Tahoe City; two sisters, Mrs. Mary Obenaus of Santa Rosa and Mrs. August Stark of Sacramento, and one brother, Brady Henry of Pismo Beach.

Rosary was held Tuesday night at 8 o'clock with Father P. J. O'Neill officiating and Father Paul Rosweg presided at the requiem mass held Wednesday morning at 10 at Corpus Christi Church in Tahoe City. Interment was in the Tahoe City cemetery with members of the Tahoe City Volunteer Fire Department acting as pallbearers. They were William Bechdolt, Harold Farr, Richard Carnell, Robert Pomin, Robert Stack, Basil Kehoe, Jay Shontz and Pete Vanni.

The Truckee Colonial Mortuary was in charge of the arrangements. The community will miss Joe and all will join in extending sympathy to his family.

BLUE CANYON ROAD IS BEING SURVEYED

The division of highways announced today that a survey party has been assigned to the section of Highway U.S. 40 from Baxter to Blue Canyon. The group is to establish the right of way for future freeway construction in this section.

The right of way is being established at this time so the various public utility companies can plan the necessary relocation of their facilities. Highway officials stated this activity does not signify that construction activity is imminent in this area, but that it is but a step in the planning required prior to the construction of a modern highway.

Donald H. Johns is in charge of the party.

LAST RITES TODAY FOR ROGER COLTON

KINGS BEACH—Funeral services were held at Reno at 2 p.m. this afternoon for Roger M. Colton of San Francisco who died at a Reno Hospital on Monday.

Father Elwood Lavoy of the Church of the Little Flower officiated and burial was in Mater Delorosa Cemetery. Recitation of the Rosary was observed Wednesday evening.

Born in Cement, Calif., he was raised in Berkeley until 1928, when he came to Reno to attend the University of Nevada. He then returned to Redwood City, where he was employed by the Pacific Portland Cement Company.

From 1940 to 1950 he resided at Kings Beach, Lake Tahoe, where he operated the Crystal Bay Market and Colton's Market. In 1953 he moved to San Francisco where he was employed by the Equitable Life Insurance Company.

Two Dates—Mr. and Mrs. Robert Leamon are observing their wedding date and her birth date, today.

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

Car Accident

Miss Lois Jean Grindvig of Tahoe City was operated on at Tahoe Forest Hospital to correct the severe injury to her broken leg, suffered Sunday while aquaplaning on Lake Tahoe at Lake Forest. All of us are hopeful that Lois will soon be well again.

Repair Pier

Tahoe City Volunteer Firemen are sponsoring repair of the Tahoe City pier with new decking as their contribution to the community improvements. Bob Pomin is doing the work.

Needs Help

Bishop Hayden reported at a committee meeting held last Thursday that St. Nicholas Mission needs help, having commitments for labor and material and until these are met, work cannot proceed.

A full time clergyman will be required to replace Charles Beardsley who cannot continue to serve in the pulpit because of Mrs. Beardsley's illness.

Anyone having an available house for the coming minister, please call Juniper 3-3329.

Morning services will be held in the Outdoor chapel on September 7 and on the same date Sunday School will convene at 10 a.m.

Rev. Gordon Cross of Sacramento, who has been 7 years at St. Matthews Church will fill the pulpit next Sunday.

Rev. Cross has had wide experience, having spent some time as a missionary in the Yukon.

TWO ARE CHARGED AFTER DISTURBANCE

One man has pleaded guilty to a charge of interfering with an officer in making an arrest and the second has pleaded not guilty and will be given a jury trial as a result of a disturbance at a Donner Lake resort Friday evening.

Judge F. W. Wilson said he will sentence A. R. Rose, who pleaded guilty, this afternoon and will probably set a date for the trial of R. F. Worland, who is under \$1000 bail.

Deputy Sheriff Roger Johns filed the complaints after an altercation when he said he attempted to question Miss Mary Tonini regarding the illegal use of an identification card. The officer said he was set upon by the two men after Miss Tonini declined to cooperate in the questioning.

Miss Tonini, who is alleged to have loaned her ID card to a minor, said the officer struck her in the face with a flashlight when she refused to accompany him to the resort for questioning. The officer denied he struck her.

BIDS ARE CALLED FOR ROAD DRAINAGE JOB

Bids were asked by the division of highways on a project to correct a drainage condition one-quarter mile east of the Donner Lake gate on Highway U.S. 40. The bids will be opened in the Marysville office of the division at 10 a.m. on September 11.

The contract will call for the removal of two 36-inch pipes at this location and the installation of a single 72-inch corrugated metal pipe. In addition, the channel is to be graded and berms constructed to insure the stream will flow in the desired channel.

The present drainage facilities are inadequate, highway officials said, and, during heavy storms, often become clogged with a resulting flooding of the highway and adjacent properties.

J. ALLEN BRAY NEW COMMODORE OF CLUB

TAHOE CITY—J. Allen Bray was named Saturday to become commodore of the Tahoe Yacht Club at the beginning of the new calendar year, Jan. 1. Bray will succeed J. Philip Murphy of Piedmont and Lake Tahoe, commodore for 1958, and will become the 18th man to hold the post since the TYC was organized under commodore Edwin Letts Oliver in 1925.

Commodore Oliver held the top post from 1925 through 1927 and was named again in 1936. Brooks Walker also was a repeater in office after leaving it once. He held the post in 1937 and again in 1947 and 1948.

Other officers of the TYC who will assume their new assignments January 1 are: Stanley W. Good, Jr., vice-commodore; A. R. Westphal, rear commodore; Frederick O. Greenlee, port captain. R. Randolph Walker will remain secretary-treasurer of the group, and directors of the TYC, Inc., for the coming term will be carry-overs J. Philip Murphy, J. Allen Bray, Stanley W. Good, Jr., A. R. Westphal and R. Randolph Walker, in addition to newcomer Mike Brown.

Robichauds Visit

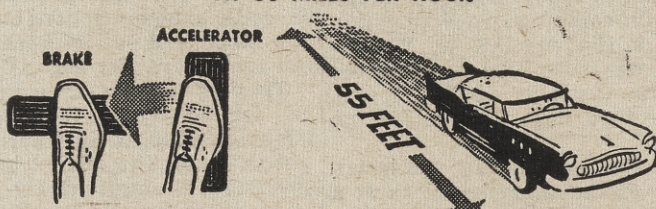

Mr. and Mrs. Francis Robichaud and their nine children are vacationing at Tahama and seeing local friends. Robichaud is assistant district attorney of the County of Sacramento and formerly a practicing lawyer in Truckee.

PATRONIZE LOCAL STORES

HOW TO DRIVE

A tip from the AAA's driving guide for adults.

AT 50 MILES PER HOUR

while your foot does this — your car does this

No matter how alert you may be, no matter how good the condition of your car may be, you can't stop on a dime. At 50 miles per hour, you would flash past more than 800 dimes placed side-by-side, or 55 feet before you could even get your foot on the brake. The average person takes about three-fourths of a second to step on the brake after he sights danger. This is called reaction time, and it's a serious matter to a driver. Reaction time becomes measurably slower as you grow older, or if your physical condition is not up to par, or if you have had a drink or become tired. Only when you know how to adjust your speed to suit all conditions can you really say you know HOW TO DRIVE.

95-DAY SEASON FOR DUCKS ESTABLISHED

A straight 95-day waterfowl hunting season, same as last year, was selected for California this year by the fish and game commission under options permitted by the U.S. Fish and Wildlife Service.

The season extends from October 11, 1958, to January 13, 1959, inclusive. (Oregon, Nevada and Arizona selected the same dates.)

The commission also set the black sea brant at 70 days, same as last year, beginning November 23, 1958, and concluding January 31, 1959.

The jacksnipe (Wilson's snipe) season ranges from November 29 to December 28, inclusive.

The season on coots and gallinules will be a 105-day season opening October 11, 1958, and closing January 23, 1959.

Shooting hours for all waterfowl hunting begin at one-half hour before sunrise and end at sunset.

From Grass Valley—

Mr. and Mrs. Kenneth Green of Grass Valley have been vacationing in this area during the past week. Green is shop foreman at the Grass Valley Union.

Visit Rablins—

Mrs. J. H. Saunders of Sacramento, Mrs. Alice Armstrong of San Jose and Mr. and Mrs. Joe Gorio of Gabbia have been visiting here with Mr. and Mrs. O. J. Rablin. The two former women also visited with Mr. and Mrs. John Rablin. Mrs. Gorio and Mrs. O. J. Rablin are sisters.

Attending Fair—

Mrs. Dolores Curran and children are in Sacramento attending the California State Fair.

Visitor From North—

Local friends have been enjoying a visit from Mrs. Marjorie Zoebel of Washington, a former member of a pioneer Truckee family.

In Hospital—

Richard Walker, local sanitarian, was a Tahoe Hospital patient on Tuesday.

At Follies—

Mr. and Mrs. George Kaspien and family were visitors in San Francisco taking in the Ice Follies during their trip.

Visiting Prisons—

Father Ronan Brennan, chaplain of Represa at Folsom and formerly of this district is at present making a two month's tour of Europe where he is visiting prisons in the different countries.

Crocheted Horse Hair—

Mrs. Hazel Lewis has a bag, modish 50 years ago, crocheted of black horse hair, lined in blue silk. The relic of the past is an oddity at present, valued as a keepsake by its owner.

Back From Idaho—

Mr. and Mrs. Lloyd Van Sickle and children are returning home from Idaho where they have been visiting relatives.

DeLainey's Here—

Mr. and Mrs. Wills DeLainey of Richmond spent his two weeks vacation from the state division of highways in Truckee and at Lake Tahoe.

Hawkes Home Burned—

Lewis Hawkes had a recent experience of escaping from a burning building where he has made his home at Grass Valley. The former local man has been visiting here.

Family Vacation—

Mr. and Mrs. Frank Giovannoni and daughters, Linda and Judy have been enjoying a two weeks vacation. The former celebrated his birth date at a family party on August 21.

Cousins Visit—

Mr. and Mrs. Joseph Gomes and daughters of Sacramento visited Mr. and Mrs. Robert Leamon enroute from Lake Tahoe to their home. The host and Mrs. Gomes are cousins.

The secret of life is not to do what one likes, but to try to like what one has to do. —Dinah Mu-

HELP KEEP CALIFORNIA GREEN USE YOUR ASH TRAY

EMERALD BAY

Continued from Page 1

rainfall of Dec., 1955. One workman was killed and the state spent \$207,430 in the process of re-opening the highway.

Safety Menace

The highway closes for the winter each year after the first heavy snowfalls. It is a literal horse-and-buggy anachronism.

The Emerald Bay section, carrying hundreds of thousands of vehicles during the peak summer vacation months, was superimposed on an old twisting and narrow wagon road.

In addition to the constant public safety menace of the slide area,

motorists driving the south shore of Emerald Bay face the danger of plunging from a narrow hogback into Cascade Lake on one side or Emerald Bay on the other. Vehicles hauling large trailers are forced to backing up maneuvers to negotiate some of the narrow hairpin turns.

The north shore section of the highway is little better. Boulders of all sizes constantly plunge across the highway from the loose, sandy mountainside.

Demands for action on an all-year highway are mounting daily, and Berry probably will attempt to revise his bill next January unless the Highway Commission acts in the meantime.

Tarzan

by EDGAR RICE BURROUGHS

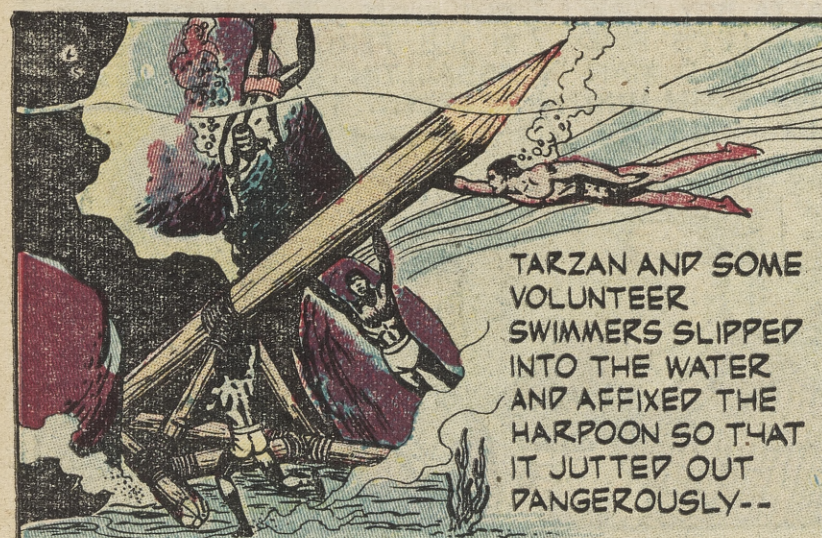

THE APE-MAN HAS JUST ANNOUNCED A PARKING PLAN-- THAT HE HIMSELF WOULD CAUSE TA-HU TO BE IMPALED ON A HUGE HARPOON!

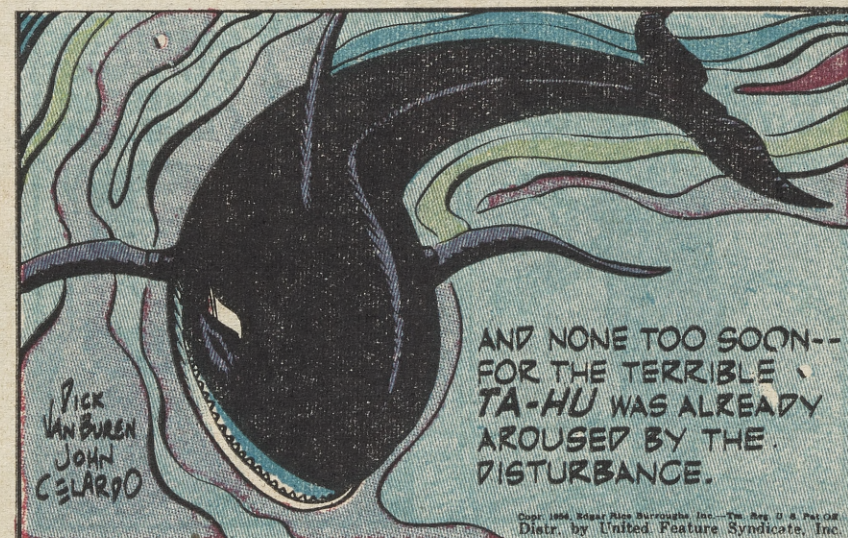

NOW, WITH SELECT TWINE, THE NATIVES ATTACHED A FIRM BASE TO THE DEADLY SPEAR.

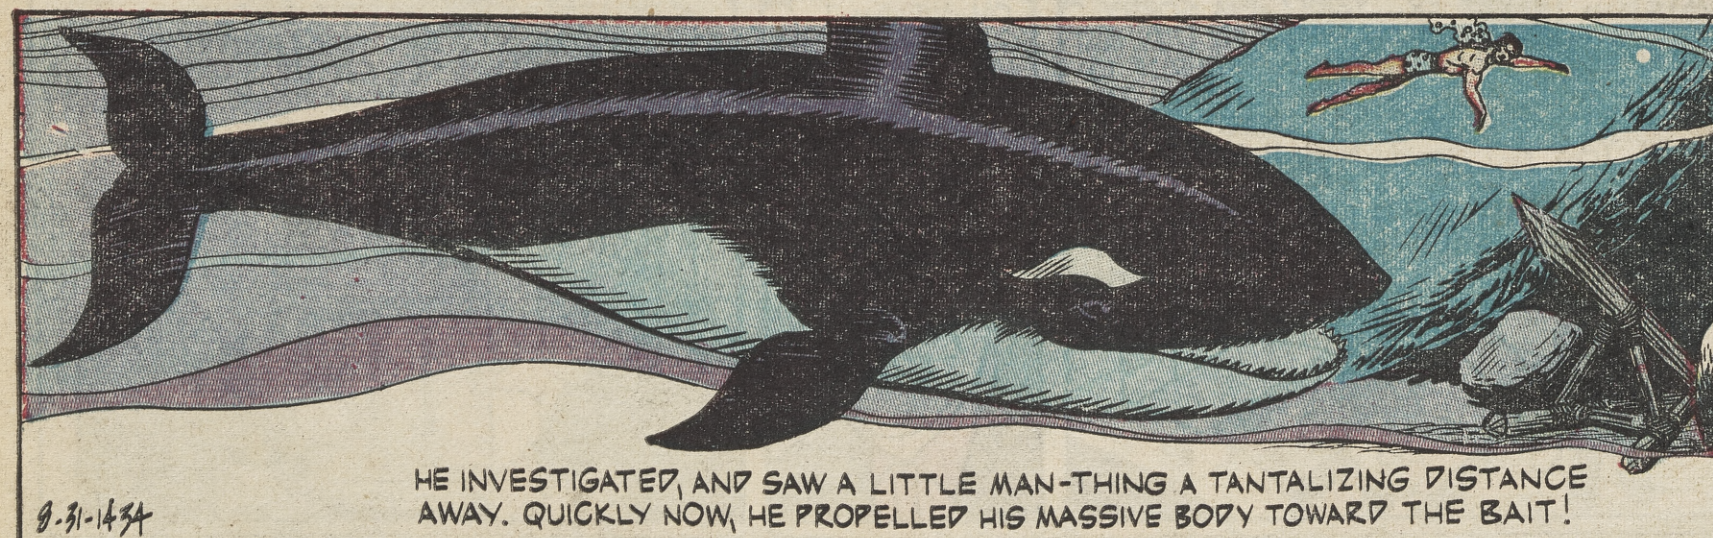

THE APE-MAN THEN HAD THE HARPOON CARRIED TO THE WATER'S EDGE. "DOWN THERE IS AN IDEAL SPOT," HE WHISPERED. "LET'S HURRY!"

TARZAN AND SOME VOLUNTEER SWIMMERS SLIPPED INTO THE WATER AND AFFIXED THE HARPOON SO THAT IT JUTTED OUT DANGEROUSLY--

AND NONE TOO SOON-- FOR THE TERRIBLE TA-HU WAS ALREADY AROUSED BY THE DISTURBANCE.

HE INVESTIGATED, AND SAW A LITTLE MAN-THING A TANTALIZING DISTANCE AWAY. QUICKLY NOW, HE PROPELLED HIS MASSIVE BODY TOWARD THE BAIT!
